A Word Of Thanks

The Alumni Committee received this very nice and thoughtful card from two of our married exes who attended homecoming. Reprinted below is their word of appreciation.

"Thank you, dear friends, - you've made another Homecoming a great big family hug, diversity included! We always look forward to the reunions, the sharing under the umbrella of friendships, and good wishes from all the places from wherever our old friends are sent.

Through the years our treasures grow richer because you make the efforts to gather us once again for the PHS party. Thank you for all the smiles you've brought to our faces, the kindness you've brought to our lives, and all the warmth you've brought to our hearts. May your blessings be multiplied because you share so much with so many of us. Always our thanks."
Juanita Burks Moulton ('55)
and Bud Moulton ('51)

yet who all we will be honoring in July, 2009. It's not like that we're about at the bottom of barrel trying to figure out what group to honor next... d-u-h. Who knows, we may decide to honor all those that flunked at least one grade, or maybe we could recognize all those who bared their bottom and bore the brunt of JIK's and Miss McGee's paddles :). Wonder how many ladies that elite group might catch? Some posterior names are recorded for posterity on Mr. Kimmin's paddles.

PAC (Phillips Alumni Committee)

Future Homecoming Set

Be sure and mark down on your 2008 calendar the dates **July 11-12** for our HC next summer at which we will recognize and honor all our musicians who exhibited any trace of ability to sing in the choir or play a musical instrument in the band. (We suppose that playing the triangle or the tamberine for Mrs. Bisbee would qualify one as a musician, too). The Class of '48 has joined the ranks of those two or three classes preceding it in

planning to hold a 60-Year Reunion in July, 2008. **Jo Ann Hubbard Kuhrt and Vera Sledge Plunk** will be spearheading that effort. It is also anticipated that the Classes of '58, '63, '68, '73, '78, and '83 will be planning special reunions for that weekend. The '58 Class has already had its first planning session at HC for their upcoming 50th, taking to heart the obligation of the traditional passing of the "50th clock" at the Saturday morning program.

At the time of the printing of this letter, the committee hasn't decided

55th Homecoming Anniversary

It keeps on gettin' gooder and better! There were lots of old familiar faces, parties, food, laughter, and renewed acquaintances - all that made up an unforgettable Homecoming weekend. Lots went on Friday evening - the Class of '57 had their function at Graced Land East Center, the Class of '62 ate at good ole Sutphen's BBQ, the Class of '67 met at the Phillips Country Club, the Class of '72 got together at **Steve William's ('72)** home, and the Classes of '81/'82 partied at the new Wildcat Bowling Alley complex. For all the other exes who didn't have special class reunions, there was the mixer at Fairlanes Baptist Church gymnasium that went over really well. All the motels in Borger were full, some exes having to stay at out-of-town accommodations. If you were not here - no matter how trite it may sound - we can't over-emphasize that you missed a truly great fun-time!!

As was the case again, there were lots of faces that hadn't been seen in a long time, especially from the '57 honor class. There were four exes recognized at the Saturday morning program, at least we're aware of, who came for the very first time since they were in high school... **Buzzy Smith ('57), Jimmie Garrett ('57), Myrna Wilder Browning ('57), and Arthur Monk ('56)**. This year's featured 50-year reunion bunch was the Class of '57 who had 46 members present (*see below*)... fantastic! **Jack Plummer ('57)** of Odessa was the winner of the

special Blackhawk blanket drawing, awarded to someone attending their Big 5 0. The '57 Class had to be really worn out after a sensational weekend! Besides the regularly scheduled activities at HC, that class had a dinner and mixer at Graced Land East Center (4 miles east of Borger), took a bus tour of the old town site and the schools, and stayed up at all hours, beginning early Thursday, visiting with each other and with plenty of exes from other classes on hand in the lobby of the Americinn motel. The weekend was a culmination of carefully and thoroughly planned activities that began a year ago, the grand finale coming up in mid-September with a Carribean cruise, much like the two previous cruises hosted by the Classes of '55 and '56, respectively.

Some of the other awards that were meted out to other exes were: winner of the Blackhawk blanket, awarded to a dues-paying ex, was someone drawn who had already won a blanket just only a few years back, so the consensus was to award it instead to **Mike Webb ('64)**, our president, who did not have to have his arm twisted one bit to accept it. The 13th annual "Hawk of the Year" award went to **Ray Robbins ('62)**, who has organized his '62 Class reunions for the past several times and has been the very generous, leading donor in recent years for the Phillips Alumni Association's endowment

continued on next page

Anniversary...continued

scholarships... and, by no means, not just to his dad's fund. It was decided that, for a change, the award needed to go out to some ex outside of the Alumni Committee who has demonstrated his invaluable support to the Association. **Carolyn Stevens Alexander ('36)**, at what must be close to age 89, was recognized as being the only ex present from the first senior Class of 1936... four years in a row now! **Marcel Poulain ('37)** was the lone attendee from the '37 Class, as well as **Clyde Edwards ('38)** from the '38 Class, and **Doyle Hughes ('39)** of the '39 Class. Of course, all the classes having special reunions ('57, '62, '67, '72, and '81/'82), and all former teachers were asked to stand and be recognized. It was sure good to see former exes/coaches **Lenard "Burr" Henderson ('47)**,

Coaches Dick Jackson ('45) and Joe Means ('46) at Saturday morning program.

Dick Jackson ('45), and Joe Means ('46) at HC!

Also recognized were the all the featured Sanford/Fritch exes who

rode the bus to/from PHS. Cash award prizes were, based on a drawing, presented to **Willard Beaver ('50)** - \$100, **Frank Willmon ('57)** - \$75, and **Vernon Friday ('57)** - \$50. There were no takers on sharing any funny stories about riding the Sanford/Fritch bus.

The welcome speech, was given by the new WTHS superintendent, Bill Wiggins, who commended the PHS exes on our rich tradition and illustrious past. The main speaker was ex-student **H. F. Ritchie ('57)**, who is known for his quick wit and country humor as well as for his singing talents. Toward the end of the program, the traditional '50-year reunion clock was passed down to **Milton Hoff ('58)** and **Bobby Wilson ('58)**, signifying time is ticking away and that a class can't start too soon on organizing the big 50.

Another Elvis Sighting

I know that this is just what you wanted to hear, but I'm afraid to have to say it's so. Elvis showed up again, sequins and all, at the Hospitality Room of the Americinn Friday after hours to do his thing - crooning and swooning little ole

lady exes, pausing occasionally to pose for picture cameras with various gals captivated by his old favorite tunes. When the dark sunglasses came off, it was none other than **Carl Laughery ('62)** who is well known in Borger for doing his Elvis impersonation. He really has Elvis' voice and mannerisms

down very well, but not Elvis' moves... understandably so considering that Carl is 63 these days. Carl, like many of the rest of us, either can't physically swing those hips and knees, or can't risk trying. Everyone there was thoroughly entertained, well worth the price of admission.

Golf Tournament Results

We had a really *cool* tournament - literally! This year we were blessed with an unusual July cool front, when coupled with the 9:00 am starting time, produced temperatures in the low 70's at tee-off time, instead of the typical sizzling near-100 degrees. It was another great, close golf scramble. A near-full contingent of 84 golfers participated this year. This year a low team score of 52 won the Golf Scramble. Members of the winning foursome were **Bud Moulton ('51)**, **Pam Moulton ('73)**, **Ricky Lyles ('79)**, and **William Lyles (son)**. Each player received \$50 in golf merchandise of their choosing. The second place team, only one stroke back, was **Mike Griffin ('57)**, **Joe Hayes ('65)**, **Judge Perry ('56)**, and **Randy Dixon (Phillips spouse)**. All the fun, fellowship, and exercise was topped off with pizza, this time after everyone played through...with only one pizza left over - good planning! The Tourney was able to donate \$600 to the Alumni scholarship funds from the proceeds left over from the sponsorship donations and player fees.

went to print there luckily weren't any hurricanes in the forecast for the Carribean - for at least the first half of the cruise.

Third Cruise's A Charm!

This coming September 17, some 50 plus exes and spouses of the '57 Class (among other exes) are getting together for an another one of those unforgettable experiences!... a Carribean cruise. Several are repeaters from the 2005 and 2006 cruises (they MUST be having a great time!). At the time this letter

Heritage Center Upgrades/Donations for 2007

Rhonda Yoder, granddaughter - \$20 donated in honor of her grandfather Clytee Armstrong ('43)
Kevin McClellan ('69) - Blackhawk football shirt used when traveling to out-of-town games
Judge Perry ('56) - Handcrafted bookcase for Mr. Kimmins' set of PHS annuals
Roy Talley ('47 spouse) - PHS Class of '47 placard used at 50th Anniversary of PHS 1986 Homecoming
Marvin Demings ('59) - Classes of '37 and '38 Kids Day group pictures
Jerryl Dine Low ('60) - Blackhawk bobblehead football doll
Mike Kimmins ('66) - Blackhawk bobblehead basketball doll
Margie Weaver ('50) & Sherry Bugg ('72) - Mildred McGee's Blackhawk blanket (kept on piano in music room)
Cory Lynch ('89 - WTHS) - Blackhawk travel bag and sideline athletic jacket from sophomore year
Fred Banes ('65) - Handcrafted Blackhawk ballpoint pen made from stadium bleachers
Rinky Chivers ('56) - CD made from Allen Greer's old 45-rpm gospel record
Class of 1957 - 50-year class reunion pictorial directory
Martha Kirkpatrick ('62) - Set of "Hawk Talk" newspapers from 1961 - 1962

Phillips Graduate Remembers the Past

On HC weekend, **Kenneth Cook ('41)** came to attend his 66th Reunion. He said that the favorite part of coming back, other than seeing old classmates, is seeing how that everything has changed - for the better or worse. He claims to seen a lot in his lifetime. His first memories as a small child are of his one-room house on Bunkhouse Street which had only tents for walls. He recalls getting the nickname "Little Cookie" because of his size.

Growing up, he was too small to play any sports, so he started working at an early age. His first job was working weekends as a sacker and stock boy for Furr's Food Store in Borger. He worked there for 8 years, and during that time Ace Borger (town's founder) was murdered at the post office. He recalls, "I was inside sacking groceries when I heard gunshots. We ran outside and saw that Mr. Borger had been shot." He also witnessed the day 30 Texas Rangers came into town to clean it up from all the gambling and prostitution

that was rife. He also worked 5 years as a paper boy for the News Herald. With 128 customers in Phillips, he earned \$.50 a week. Throughout his school years in Phillips he had a stuttering problem, but with the help of his high school English teacher and learning to quote poetry, (she told him that he wouldn't be allowed to

Kenneth Cook ('41) displays a Nazi flag that he took from the grave of a German soldier during WW II.

graduate if his stuttering problem did not improve - now that's incentive!). Anyhow his speech did get better! To this day. He can still recite the poem, "Trees" by Joyce Kilmer, which used to take him 30 minutes when he first memorized it. After high school graduation and a brief stay at OU, he

was drafted into the military to fight in WW II. He fought on the front lines in France, Belgium, Holland, and Germany, where he came face to face with Russian forces who he says were very dirty people. In 1951 he became a airplane pilot, bought his first plane, and flies regularly to this very day. He flies from his home in Winters, Texas to California to visit family.

Besides his passion for flying, his other main hobby is water skiing. He and his wife of 61 years take regular ski trips, and he has taught his grandchildren and great-grandchildren also to water ski. Today at

age 83, Kenneth works for a septic company where he installs such type of systems, and has for the last 40 years. He is not entertaining any plans for retirement.

Evelyn Hubbard Scholarship Fund Now Fully Funded

Amazing... simply amazing!! Since the Evelyn Hubbard Scholarship was approved to be upgraded to an endowment type fund only a year ago, through the many generous contributions that have come in mainly since March, it now is a fully endowed scholarship (fund reached \$10,000 in July). It will start furnishing a \$500 per semester (based on current interest yields) scholarship at FPU like the other Ray Robbins and J.I Kimmins Scholarships. We on the Alumni Committee thought it realistically wouldn't become fully endowed until this time next year in 2008. Thank you very much for your generosity... you may think you weren't donating all that much, but combined with others' donations, it didn't take long for it to all add up. Funding these scholarships is the best thing that we can do to (1) help another needy high school grad out and (2) to perpetuate the memory of PHS and its administrators and teachers. We now provide FPC with five endowment scholarships and have become FPC's leading benefactor, surpassing Conoco-Phillips Petroleum Company this last July. If you think we on the committee are pleasantly surprised at the current level of supplied scholarships, you ought to hear the president of FPC and other FPC administrators, who are flabbergasted and pleased as punch at what the PHS Alumni Association has donated in the short span of 3 to 4 years.

Another Blackhawk Hall of Fame Inductee!

Be sure to put November 11, 2007, on your calendars and tune in on TV because **Jill Rankin Schneider** ('76) is going to be at the North Carolina Women's Basketball Classic when she and 5 other former outstanding lady players are to be introduced on TV at halftime as chosen inductees in the Women's Basketball Hall of Fame. The actual induction ceremony will take place on the weekend of June 13-14, 2008, in Knoxville, Tennessee. This, of course, is a tremendous honor for Jill, and her family members are very excited about attending, to say the least. Her former high school basketball coach, **Bill Clemmons** of Fritch, is also planning to attend the November event. Jill presently is the girls head basketball coach at Monterrey High School in Lubbock.

Putting Around With Arnie

Kenny Hunt ('62) didn't get to attend HC and his 45th reunion. He was invited to play golf with Arnold Palmer in Pennsylvania, held Monday following HC weekend in a golf tournament, by virtue of his being the president of a golf association in Austin. But it isn't like Kenny hasn't met Arnold before. Back in May, 1962, when his class was taking the annual senior trip to Colorado, both he and **Ray Robbins Jr** ('62) decided that they would skip out on the senior trip, and instead they went to Dallas to see Arnold play in the Byron Nelson Golf Classic, at which they became two more aficionados (check out that \$10 word from Miss Boyd's vocabulary list) of "Arnie's army" following him from hole to hole. The two became acquainted with Arnold well enough that weekend that they later sent Arnold a graduation announcement invitation and received responses back.

Memories From the Gridiron

The following is an excerpt from a Borger News Herald article written last June by Woody Morgan who played football on one of the Fritch Eagles' early teams in the mid-60's. He reflects back on the 1966 Phillips game, freely quoting one of his former teammate's recollections also.

"The S-F Eagles fielded its first team in 1963, and in 1966 we were scheduled to play the Blackhawks. And I in my wisdom thought we had a chance to beat them - even if they had **Mark Hatley**. [You might say that I was an optimist]. Our coaches didn't have to tell us about Mark. We knew from the streets just how "bad" he was, and how good the Blackhawks were!

Let my old teammate Claude Reid now pick it up: They [the Hawks] were running an off-tackle play that started out being a sweep, but I penetrated too far in and the back cut inside of me. Anyway Mark was the leading blocker, and I got a shivering blow to the Adams Apple and couldn't breathe for two minutes it seemed like, and I know for sure, couldn't swallow for a couple of hours. That is typical of the memories of that night. Every time they touched the ball, they scored. Their punter was the most bored player on the field. On the other side, I had my hands full trying to keep them from getting outside without having much success. I think it was "him" because I was experiencing a little double vision, but all I saw was a flurry of bodies banging and scuffling for the fumbled ball which my teammate Jerrod Whelply managed to recover. It was our only break in the game. But it went for naught - just like every thing else we tried.

I would really like to thank our coaches because if they had told us how really good that Phillips team was, we wouldn't have been really so shocked at the final score: **Phillips 80, Sanford-Fritch 0**. I don't know how many td's Mark scored during his career at Phillips, but still 40 years later he's still alive in so many people's minds."

Incidentally, there was one other game played some 10 or 11 years earlier in Chesty Walker...then Blackhawk... Stadium that ended up with the same identical score: **Phillips 80, Mangum 0**. Other than the score, the pre-game attitude of the Hawks' opponents was a complete contrast. Mangum then, was a highly touted team in its classification in Oklahoma and had never heard much about Phillips, Texas. When their bus rode into Phillips and their boys saw how little there was to "Main Street, Phillips", it is reported that they thought that they were going to have a field day (in today's refined vernacular, "kick some butts") with this podunk refinery town team. Instead of Mark Hatley & Company, it was the likes of **Jakie Webb, Jimmy Gray, Tubby Wilder, Norm Kendrick, Eugene Packabush, Ralph Smith, Ned and Ted Jolly, etc.** The whole team was "bad" to the bone.

Phillips Ex Starts New On-line Hutchinson County Newspaper

The first online-only newspaper in the county, **www.hutchinsoncountyhighlights.com** is the newest aspect in local news media. Combining technology with good old-fashioned journalism, three retired veteran journalists have decided to mix their longtime media skills to bring you Hutchinson County news.

Nancy Young, **Judy Lemons Allen** ('73) and her husband Don Allen, all local people, each have over 30 years experience in the news media business and have launched the first online-only news media outlet in Hutchinson County. Judy began as "proof runner" for Borger News Herald in the mid 70s. She also worked in the editorial and bookkeeping departments for that publication as well as serving as ad sales rep and Advertising Manager. She was named publisher in 2000 and held that position until her retirement

in April of 2004.

Hutchinson County Highlights will keep you informed on the people, events, businesses, youth, sports, obits, and more in our county. Judy states, "There is no costly subscription to buy. We're free and on your computer 24/7, at home, at work, or on the road. You can always keep in touch with what is going on in the county." Incidentally, you may view photos taken at the PHS Homecoming by clicking on "Photo Gallery". Check it out!

Ned Jolly ('57) standing outside the door of his mother's, Lillie Jolly, old second grade classroom.
